### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The method for optimizing the starting torque and for reducing the electrical power usage of the starter-generator for the internal combustion engine comprising the steps of: causing the battery to generate electrical power, limiting the phase current of the electrical machine for reaching the imaginary turning point on the torque characteristic curve of the electrical machine, and controlling the electrical machine beginning at the limiting point along the electrical limiting power curve such that the electrical power corresponds to that at the stationary operating point of the electrical machine, in combination with the other limitations present, are neither disclosed nor taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
